

## Installation Instructions

1. (Go to step 2 if you used an exe file) Unzip the Zip file using **C:\3CM** as the destination as per the screenshot below (create the folder **3CM** if it doesn't exist):

2. Enter the following command with AutoCAD open: **SCRIPT**  
In the new dialog box browse to the **C:\3CM\ScheduleACA** folder then double left click the **Schedule.scr** file.

## Troubleshooting

If you don't see the new menu appear then enter the **MENUBAR** command and set the system variable to 1.

If the Schedule toolbar () fails to appear then Right-Click on AutoCAD's toolbar border and make sure the **3CM-SCHEDULE > 3CM\_Schedule\_Toolbar** is ticked:
